Crompton

Keeps you always cool

This Season Stay Cool With Wide Range Of Crompton

Air Coolers Ranging From 7litres To 88litres.

Crompton Coolers Are Superior In Quality,

Portable and value for money.

They Have Rust Proof & Shock Proof Body and That's Not All.

These coolers consumes less power and are inverter compatible.

Most models have uniform flow technology

which allows channelized water flow for better cooling.

All cooler have Motor Overload Protector for added safety.
